Re: Reference Letter for ATEL Communications Services

To Whom It May Concern,

Hotel Managers Group has been using ATEL Communications for Hospitality Telecommunications & Systems consulting for the past 3-years.

ATEL has demonstrated a high level of services for many of our properties for PBX/Systems, Telco carrier services & Wifi high speed Internet for our guest rooms.

Our Account Manager - Dave Sugino has provided us with excellent support & follows up on addressing any of our telecommunications & systems needs.

We appreciate the value that ATEL provides in offering us a "free" audit of our carrier services for local & long-distance costs and eliminating phone lines & services not needed to help reduce monthly costs.

I would recommend ATEL's services for anyone who needs a "single" source provider to handle these important areas for your property.
